

2021 年 6 月英语四级真题答案-第三套

Part I Writing 写作(短文写作)

Directions: For this part, you are allowed 30 minutes to write an essay on whether technology will make people lazy. You should write at least 120 words but no more than 180 words.

范文

With the development of society, technology has inexorably entered our life, providing us with great convenience and direct benefits. But everything has its two sides and technology is of no exception.

To some extent, people gradually become lazy because of technology. For instance, a considerable number of students, who are supposed to steep themselves into questions, completely rely on technology to find answers without conscious thought. Meanwhile, with various technology assisting them to handle difficult situations at work, plentiful adults are unwilling to master new knowledge and skills.

Such phenomenon is worthy of our serious consideration. After all, not only will laziness caused by technology impede social progress and prosperity, but also has unfavorable impacts on personal advancement. It's never too early to get ready for the inevitable, so each social member should cultivate intellectual curiosity and enjoy both exploring and thinking to avoid things going wrong when taking full use of technology.
